

GDPR Summary The General Data Protection Regulation (GDPR) governs how organizations process EU

residents' personal data. Principles include transparency, purpose limitation, minimization, accuracy, and storage limitation. Rights include access, rectification, erasure, portability, and objection to processing. Organizations must demonstrate accountability, appoint data protection officers when required, and notify breaches within 72 hours. Penalties can reach 20 million euros or 4% of global turnover. GDPR applies globally to any organization handling EU data, making compliance

critical for international businesses. GDPR Summary The General Data Protection Regulation (GDPR) governs how organizations process EU residents' personal data.
